This is yet another case of each imposter providing offering false bona fides for the other as well as making their own false claims. Both are heavily involved in the Native American POW WOW circuit, the Native American military veterans' GOURD DANCE ceremony, and the Native American BLACK WARRIOR SOCIETY specifically for military veterans. Recommend after you review all for completeness that both men be installed on your web site as imposters with all the details.</p> <p>IMPOSTERS: Blaine Martin – claiming SEAL, SEAL Instructor Daniel Laws - claiming MOH/POW/Purple heart/ SEAL</p> <p>Respectfully, Steve Robinson USN 1970-1978 SEAL Team ONE Inshore Undersea Warfare Group ONE UDT-SEAL Association Special Operations Association POW Network Advisory Board Naval Special Warfare Archives - SOF Analyst/Contributing Journalist Disabled American Veterans - Life Member FORMER Special Investigator - SEAL Authentication Team Author of the book <i>NO GUTS, NO GLORY - Unmasking Navy SEAL Imposters</i></p>
